

Pricing for polyonyx+® is POA (price on asking). To receive a quote based on applicable discounts (quantity, etc.), please email this completed form to us at info@polyonyx.net.

polyonyx+ stage flooring is produced in manufacturing batches and natural variations in color, tone, and pattern will occur between batches and individual panels. Exact color matching to previous orders or samples is not guaranteed. Such variations are inherent to the product and shall not be considered a defect. It is recommended that full project quantities (plus a couple additional backup sheets) be ordered at one time to minimize visual variation.
